BIGGER PICTURE

SHIFT addresses an existing gap: the
finance and investment side.

...and will act as an **enabler for the green
transformation**, with a specific focus on the
energy transition.

‘Making **financial flows** consistent with a pathway towards
low greenhouse gas emissions and climate-resilient
development’

Paris Agreement, 2.1(c)

Viet Nam’s updated NDC & Net-0
commitments

‘Solutions for creating **capital sources** and **mobilizing investment**
capital for development of the power industry’

Power Development Plan 8

‘Maximize mobilization and efficient use of
resources to implement just energy transition’

Just Energy Transition Partnership Viet Nam

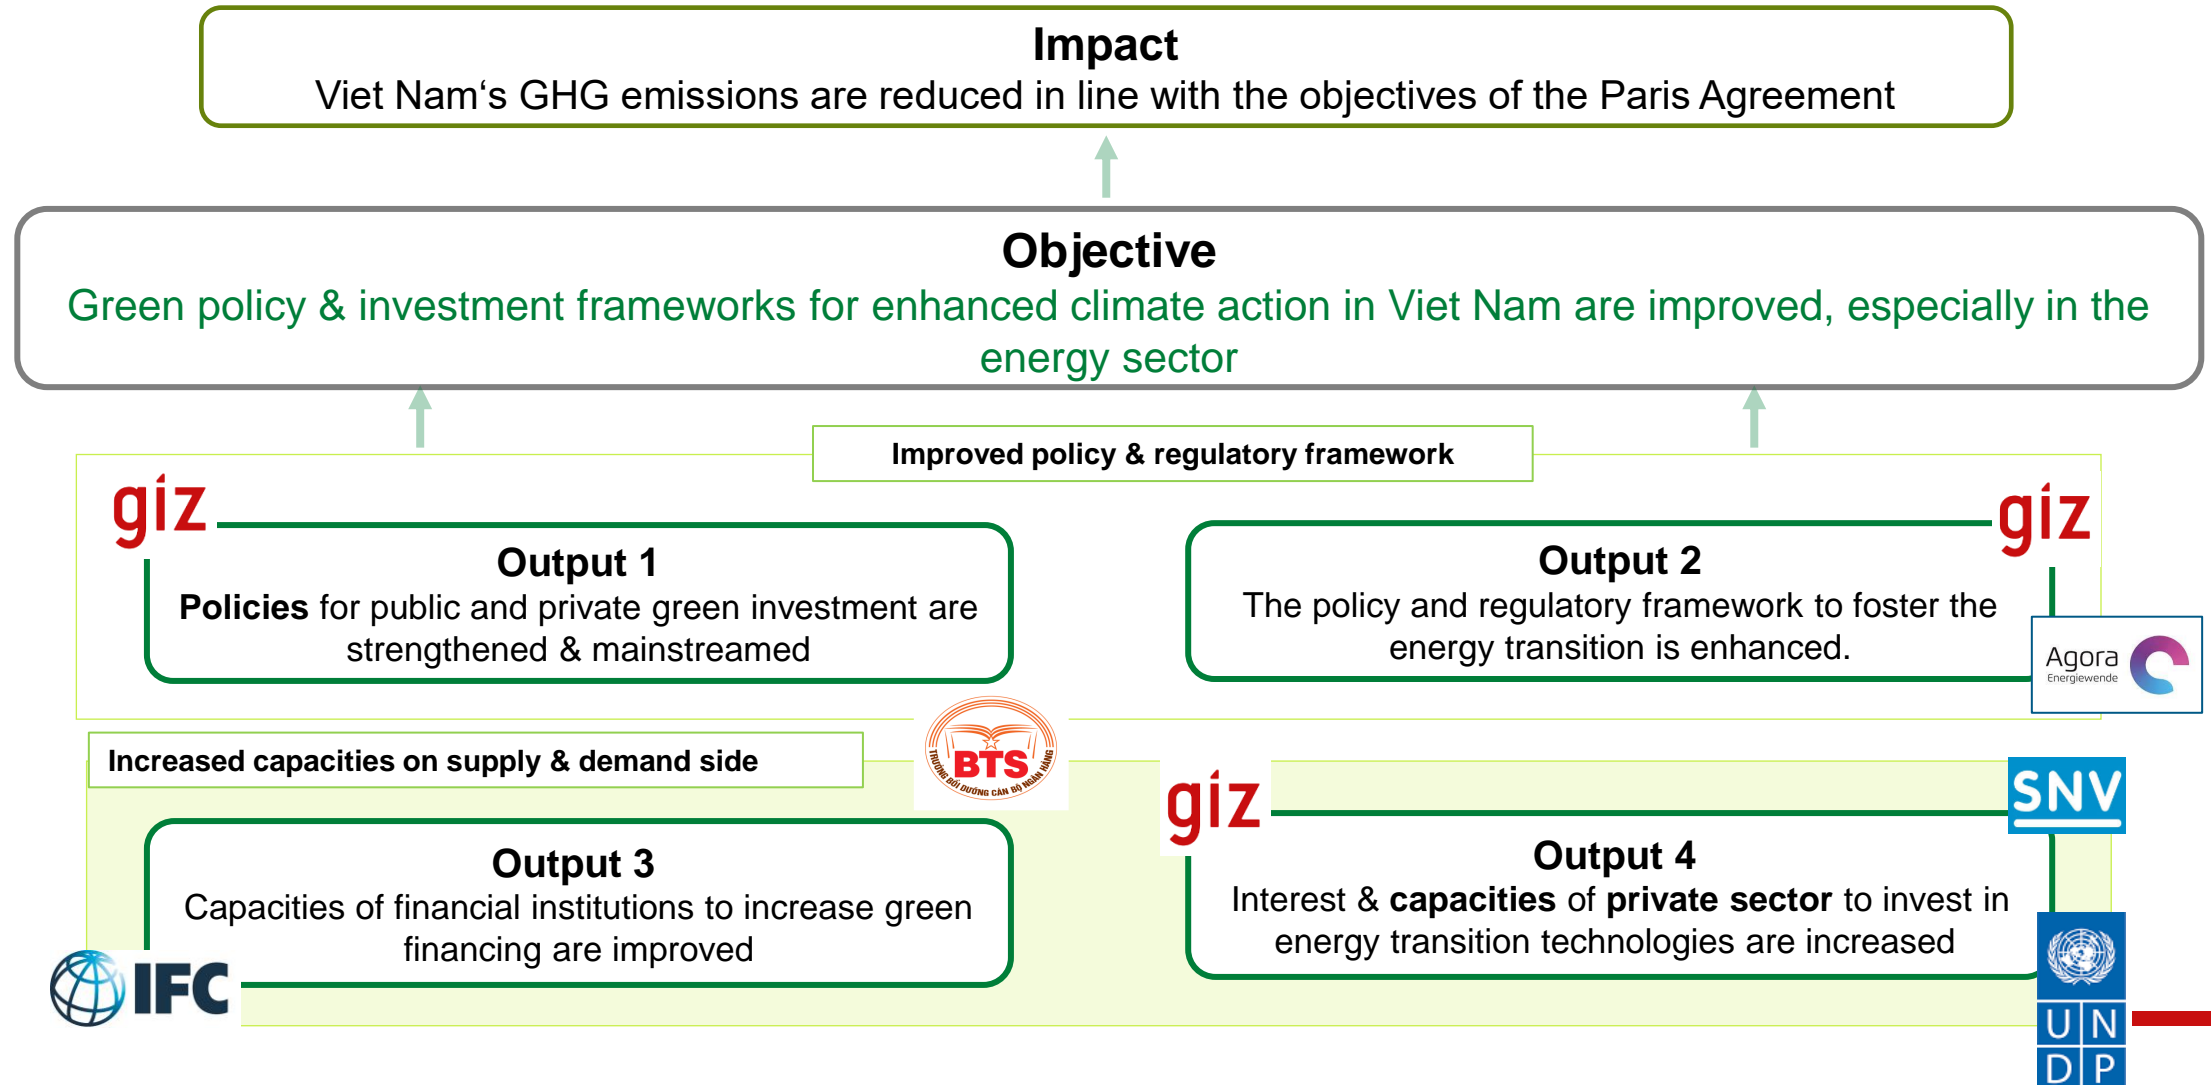

‘Green growth is to invest [...], so that the private investments
play an increasingly important role in the green economy’

Viet Nam Green Growth Strategy
