Gender practice among IKI implementers in Vietnam

17 responds received in which:

- + 5 provided no answer to the question
- + 5 specifically indicated that they did not have any or did not apply any gender integration into their activities
- + 7 shared their gender integration practice to different extents, from totally aligned with IKI gender strategy to considering gender balance in event management.

Question:

Are there any good practices and/or experiences of considering gender issues in and mainstreaming IKI gender strategy into your project? Are you willing to share them at IKI Workshop?

1. What are the key challenges and How could a gender CoP help you?

- ✓ More guidance on IKI requirements
- ✓ Opportunity to share and discuss experiences and lessons learnt with other IKI projects
- ✓ Access to knowledge resources on gender mainstreaming in climate and biodiversity protection efforts
- ✓ In-depth inputs on gender mainstreaming related to topics specific to IKI projects
- ✓ Co-development of e.g. methodologies, tools, measures related to gender mainstreaming with other projects
- ✓ **ANY OTHERS?**

2. What are the suitable formats and activities?

- ✓ Digital library
- ✓ Regular peer learning meetings
- ✓ Match-making platform to connect projects in preparation phase and projects in implementation phase
- ✓ Workshops/seminars by experts
- ✓ Exchange between potential national Gender Community of Practice implemented by Interface Projects
- ✓ **ANY OTHERS?**

3. What do you expect from IKI Interface Vietnam and what can you contribute?

4. How could the nationwide gender CoP connect with the IKI gender COP world-wide?
